WORK EXPERIENCE

ADI Global Distribution, Front-End Developer
2021 – PRESENT

- Build brand and article pages for ADI's online catalog in North America (the U.S., Canada including the French-language sites, and Puerto Rico) and EMEA (France, Spain, Ireland, Germany, Poland, the Netherlands, Belgium and Sweden). Average 2–3 new pages a week, plus periodic refreshes.
- Turn Figma designs into HTML, CSS and JavaScript in the InSite CMS, working with designers, developers, QA and suppliers.
- Track work in Workfront and Airtable.

Appddiction Studio, Front-End Developer
2018 – 2021

Company website · Technical lead

- Led a team of four developers and worked with two designers.
- Built the front end of the company's original website with Angular, Bootstrap and Materialize.

EODIMS · Developer

- Implemented front-end design and functionality in Angular for the U.S. Air Force's explosive ordnance disposal (EOD) incident management application, in a fast-paced Agile team.

Innovation Team · Technical lead

- Introduced the team to new tools, including PowerApps, WordPress, Power BI and Tableau.

PROJECTS

Portfolio website · agtrevino.github.io
HTML · CSS · JAVASCRIPT · CLAUDE CODE

- Rebuilt my portfolio as a responsive site with hover panels, an entrance animation and a swipeable phone layout.
- Includes my J.Storm and MattProjekt logo designs.
